DPP Scholarship Plan

Name of Diabetes Prevention Program:

Recruitment

You can partner with CCNC, Federally Qualified Health Centers, Free Clinics and/or Rural Health Centers to recruit participants or you can work with providers of low-income housing or your local Social Services. Please share how you will recruit scholarship participants:

Retention

Often times our population of focus (Medicaid Eligible) needs certain accommodations, such as early evening meetings, venues that are close to their residence, or child care. Please share with us how you will work to retain your scholarship participants:

Thank you!
