

Remote Drop-off Toolkit – Piedmont Triad Regional Council

The Piedmont Triad Remote Drop-off Program provides a fun, safe, and active way for children to travel to and from school with adult supervision. Parents and guardians are encouraged to drop their children at a pre-determined nearby location and have them walk in a supervised group to school.

Benefits

1. Improved Air Quality
2. Healthier Children
3. Traffic Safety Skills
4. Reduced Absences
5. Positive Social Environment

The Remote drop-off Program aims to reduce the number of idling vehicles in school zones, lower the amount of asthma-related absences, and encourage a safe, active, and healthy route to school.

Find the guide and resources relate to remote drop-off online at
